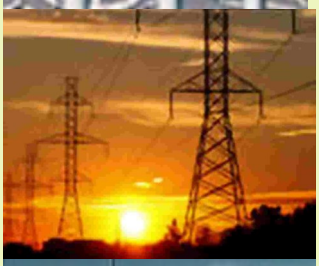
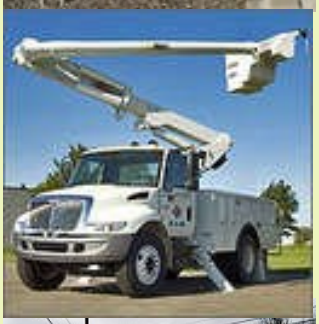
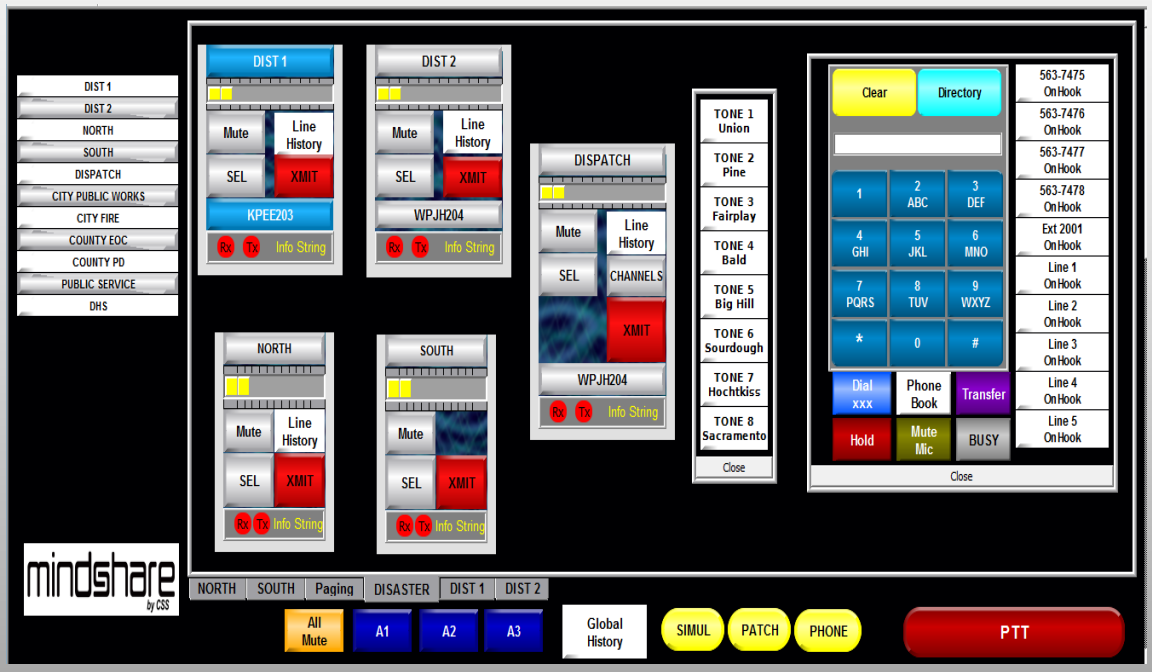
VoIP Dispatch Console Systems

The Total Utility Dispatch Solution

Dispatch	*Generation*	*Distribution*	*Service*







The Mindshare System is completely distributed VoIP P25 Technology with proven dependability and efficiency.

We say YES to No size limitations, No backroom Central Electronics, No need for Position PC's.

Standard features include remote set-up, maintenance & diagnostics, ease of operation through fully customizable graphics layout / design and user-friendly operator screens.

Multiple additional feature-rich items including full SIP-based PBX Telephony compatibility complete the Total System Solution.
